# Vishnuhari V A

8590449717 | vishnuhari17@ieee.org | https://www.linkedin.com/in/vishnuhari17/ | https://github.com/vishnuhari17

#### EDUCATION

# Federal Institute of Science and Technology (FISAT)

Kerala, India

B. Tech - Computer Science and Engineering

2022 - 2026 (Expected)

#### EXPERIENCE

#### Full Stack Developer

Jan 2025 - Mar 2025

Lylhelp

Kochi, India

- Developed automated WhatsApp messaging templates for personalized communication, enhancing the user experience.
- Streamlined APIs to increase application performance and speed.

# Full Stack Developer Intern

 $\rm Dec~2024$  -  $\rm Jan~2025$ 

Nest Digital

Kakkanad, India

- Led the development of 5 Angular-based web applications, improving client satisfaction by implementing intuitive UI solutions.
- Collaborated with the backend team to assist in API creation, enhancing data integration efficiency.

#### Projects

# Prathibhimb AI | FastAPI, React, Vite, Recharts, ChatGPT API

2025

- Developed an AI-powered chart generation tool offering dynamic visualizations within 2 minutes.
- Increased efficiency by reducing chart creation time by 92% through automated workflows.

### Food Redistribution System | Flutter, Firebase

2024

- Engineered a mobile app connecting event organizers with users for surplus food distribution.
- Effected a 75% reduction in food wastage with location-based notifications and a prebooking system.

#### Certificate Generation and Verification System | Python, Next.js, MongoDB, Express

2024

- Automated bulk certificate creation and verification, reducing paperwork by 65%.
- Incorporated QR codes and search functionality for fast verification, cutting manual processes by 95%.

#### Disaster Management System | Flutter, Firebase

2024

- Designed a real-time disaster alert app with geofencing notifications and community input capabilities.
- Optimized emergency response by 30% via real-time notifications to residents and local authorities.

# Student Support Bot | Express, PostgreSQL, Telegram API

2023

- Created a Telegram bot overseeing educational resources, reducing manual tasks by 80%.
- Enhanced role management and increased accessibility for students.

### TECHNICAL SKILLS
